Name: _____

Current Science Teacher: _____

Grade Point Average (GPA): _____

Cumulative Unweighted _____ Cumulative Weighted _____

Education:

Science Courses (Completed and currently Enrolled)

Science Course Title	Year Taken (Grade Level)	Letter Grade Achieved

- 1) Outline or tell about your favorite science topic. It can be as simple as outlining the process of photosynthesis, or as complex as a lab experiment you would like to demonstrate in front of a group of students. Write on a separate sheet of paper if needed.

2) Write a brief paragraph about what you hope to achieve in Science Honor Society this year.

3) The meetings for Science Honor Society are going to be every other Friday after school in room 302, and only two unexcused absences are permitted for the year. Will that be a difficult situation for you? If so, why?

I certify by submitting this application that all information is true and complete to the best of my knowledge, and I understand that any false or misleading information may prevent my acceptance into the Society or result in my dismissal thereafter. I will strive to do my best and do at least 10 total community service/ volunteer hours this year for our club.
