Parent and Family Engagement Plan

2020 - 2021

What is the purpose of the Parent and Family Engagement Plan?

To open, maintain and improve the lines of communication between the school and our families. To increase family engagement and student success.

How are parents involved in creating the plan?

We hold an annual Title 1 meeting to explain the rights of the parents and how to be involved. We then invite parents to be involved on the School Advisory Council as well.

We will utilize the gallop survey combined with SAC guidance to utilize the information to disperse Title One funds and enhance school programs.

How will barriers be met for parent to attend workshops?

We will hold flexible times and dates as well as put information on the website and social media.

How is staff trained to meet Title 1 family needs?

Staff attends various trainings thru-out the year to build and maintain school / parent relationships.

How will GHS communicate with families that speak other languages?

GHS will build opportunities for all parents. We have Spanish translators available to translate documents and information out to our families. Our website and our Facebook page can also be translated with a click of a button.

How will GHS communicate with families?

GHS will provide key information regarding Title one, School Improvement Plan and Parent and Family Engagement Plan at the beginning of the year. This information can also be found on the school's website or within the school.

Thru-out the year information will also be provided thru the school marquee, social media such as Facebook and twitter, newsletters, connect calls, the school website and informational flyers thru-out the school.

Where can I find Parent Resources?

The Front Office and our Career Resource Center has brochures and information accessible to families. GHS also has a Parent Involvement Assistant who can be reached at 727-774-3300
